Here are some of our favorite 3D Mural Packages

Mural consists of these 4 components

An underwater theme is the no. 1 theme used by healthcare facilities in designing their waiting rooms, hallways and patient rooms. It's not a mystery why. Underwater life is amazing!

Complete Murals Packages

Printed murals on canvas applied to 1/4" substrate and clearcoated.
Dimensional elements with keyhole on back for easy installation.

Underwater murals are requested often by our clients. They are colorful, engaging and are appreciated by all ages.

Underwater Oval 1

MP17-60 30in. x 60in. \$1110.

MP17-84 43in. x 84in. \$1650.

Hikers

Mural w/sun & bluebird

MP37-36 36in. \$ 660.

MP37-43 43in. \$ 690.

Beach Fun

Mural w/beach ball & sandcastle

MP34-36 36in. \$ 615.

MP34-43 43in. \$ 720.

Two of my favorite activities - hiking and the beach. These kinds of dimensional murals are great for a doctors office or clinic. These are fun murals to paint and kids love them.

Turtle Haven

Mural w/three turtles

MP30-36 36in. \$ 590.
MP30-43 43in. \$ 685.

Turtles, fish and coral - amazing! Living in Florida has allowed me to experience the thrill of diving in the Keys and the Bahamas. So painting underwater scenes just brings back the bliss of floating and taking in the magical colors and shapes all alive, all around me.

Anemone-Coral

Mural w/three fish

MP29-72 43in. x 72in. \$ 855.

3D Mural Packages are easy to install and quickly change a patient room from boring to exciting. You can make each exam room a different theme. The 3D elements give the murals so much more interest than an ordinary print would. If you have a little more wall space you can add more 3D art to either side; or you can add clouds or waves. We love creating a transformation with our fun and colorful murals.
